## One size doesn't fit all – for clothes or mental health.

Are you experiencing stress, anxiety, depression or other mental health challenges?  
One in five adults in the U.S. live with a mental health condition.

Fewer than half receive the care they need. But there's support available.

**Kohl's is partnering with NAMI to expand mental health support groups throughout the U.S.**

---

NAMI support groups are **free, confidential, culturally competent and peer-led.**  
They're **available in-person or online** so anyone can get quality support wherever they are.
