NAMI Basics Education Program
General Resources

The following organization’s websites provide the most current information about mental health conditions, treatment services, the education system and more. Many of the organizations listed here have information available in Spanish as well as English.

To make your search easier, the resources are organized into general categories:

- Mental health
- Education
- Legal
- NAMI Spanish resource guide for parents—Guia de Recursos

Under each general heading, the resources are further categorized as:

- Federal resources
- Mental health and advocacy organizations
- Professional organizations
- Academic centers focused on children's mental health
- Websites for children and teens

In some cases, additional information and websites are noted after a major resource. This was done in situations where a major resource had specific information which family caregivers may be interested in.

If you have found a helpful resource not listed below and would like us to consider adding it to the document, please email the name of the organization and the website to namieducation@nami.org.
General Resources

MENTAL HEALTH

Federal resources

Administration for Children & Families (ACF) is a division of the Department of Health & Human Services. We promote the economic and social well-being of families, children, individuals and communities with partnerships, funding, guidance, training and technical assistance.
www.acf.hhs.gov

Centers for Disease Control (CDC) provides helpful information on mental health related issues and has statistical information about various conditions.
www.cdc.gov/mentalhealth/basics/mental-illness.htm

Centers for Medicare & Medicaid Services (CMS) offers an array of information about eligibility for benefits, coverage and coordination of services related to Medicare, Medicaid and CHIP (Children’s Health Insurance Program).
www.cms.gov

InsureKidsNow.gov is a website operated by CMS, providing information about Medicaid and CHIP for:
- families seeking health insurance coverage for children and teens
- families needing help locating a dentist
- organizations interested in getting involved in the Connecting Kids to Coverage National Campaign, an outreach and enrollment initiative.
www.insurekidsnow.gov

National Registry of Evidence-based Programs and Practices (NREPP) is an evidence-based repository and review system designed to provide the public with reliable information on mental health and substance abuse interventions. The programs' effects on individual outcomes have been independently assessed and rated by certified NREPP reviewers. The purpose of NREPP is to help people learn more about available evidence-based programs and practices and determine which of these may best meet their needs. New program are continually being added.

Social Security Administration delivers a broad range of services online and has a network of over 1,400 offices including field offices, teleservice centers, processing centers and hearing offices. SSA also has a presence in U.S. embassies around the globe.
www.ssa.gov

Disability benefits – child (under age 18)
www.socialsecurity.gov/disabilityssi/apply-child.html

Substance Abuse and Mental Health Services Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation.
www.samhsa.gov

Center for Mental Health Services (CMHS), a division of SAMHSA, leads federal efforts to promote the prevention and treatment of mental disorders. CMHS is charged by Congress to bring new hope to adults who have mental illness and children with emotional disorders.
www.samhsa.gov/about-us/who-we-are/offices-centers/cmhs

National Child Traumatic Stress Initiative (NCSTI) provides parents, caregivers, educators and professionals resources on recognition, understanding and treatment of traumatic stress in children and adolescents.
www.samhsa.gov/child-trauma/understanding-child-trauma

Mental health and advocacy organizations

American Foundation for Suicide Prevention (AFSP) is a multifaceted organization made up of esteemed scientists, dedicated survivors of suicide loss, people with mental disorders and their families, and an expansive network of business and community leaders. Their mission is to save lives and bring hope to those affected by suicide. AFSP has local chapters in all 50 states with programs and events nationwide
www.afsp.org

Autism Society of America provides information and resources on autism spectrum disorders.
www.autism-society.org
Autism Speaks is a leading autism science and advocacy organization, dedicated to funding research into the causes, prevention, treatments and a cure for autism; increasing awareness of autism spectrum disorders; and advocating for the needs of individuals with autism and their families.
www.autismspeaks.org

Center for Practice Innovations at Columbia Psychiatry New York State Psychiatric Institute, supports the New York State Office of Mental Health’s mission to promote the widespread availability of evidence-based practices to improve mental health services, ensure accountability, and promote recovery-oriented outcomes for consumers and families.

Child Welfare League of America (CWLA) is a powerful coalition of hundreds of private and public agencies serving vulnerable children and families. Their expertise, leadership and innovation on policies, programs, and practices help improve the lives of millions of children across the country.
www.cwla.org

Children and Adults with Attention-Deficit/Hyperactivity Disorder (CHADD) is a membership organization, produces the bi-monthly Attention magazine (for members) and sponsors an annual conference. Contact information for all local chapters is available online through CHADD’s Resource Directory.
www.chadd.org

Children’s Defense Fund (CDF) is a non-profit child advocacy organization that has worked relentlessly for more than 40 years to ensure a level playing field for all children. They champion policies and programs that lift children out of poverty; protect them from abuse and neglect; and ensure their access to health care, quality education and a moral and spiritual foundation. Supported by foundation and corporate grants and individual donations, CDF advocates nationwide on behalf of children to ensure children are always a priority.
www.childrensdefense.org

Children’s Mental Health Network (CMHN) provides weekly news and unbiased analysis of key issues focused on children, youth and families’ mental health and well-being. CMHN distills the high volume of information about issues that impact children and youth with emotional and behavioral challenges and their families in a way that makes sense in its most simplified form, focusing on the key elements requiring action and involvement.
www.cmhnetwork.org

Council for Exceptional Children (CEC) is the largest international professional organization dedicated to improving the educational success of individuals with disabilities and/or gifts and talents. CEC advocates for appropriate governmental policies, sets professional standards, provides professional development, advocates for
individuals with exceptionalities and helps professionals obtain conditions and resources necessary for effective professional practice.
www.cec.sped.org

**Council for Children with Behavioral Disorders (CCBD)** is the official division of the Council for Exceptional Children (CEC) committed to providing support for children with unique behavioral needs. Services include effective classroom management strategies, how to work with students with emotional and behavioral disorders (EBD), Autism Spectrum Disorders (ASD), Attention Deficit Hyperactivity Disorder (ADHD) and more, supporting students in the juvenile justice system, teaching core curriculum to students with challenging behavior, and more.
www.ccbd.net

**Depression and Bipolar Support Alliance (DBSA)** provides hope, help, support and education to improve the lives of people who have mood disorders.
www.dbsalliance.org

**Early Assessment & Support Alliance (EASA)** serves young people ages 12 to 25 (15-25 in Multnomah County) who have had a first episode of psychosis within the last 12 months or who are experiencing early at-risk symptoms for psychosis, and their families. The goal of EASA is to identify individuals with a new psychosis as soon as possible in order to minimize the negative impact on their lives.
www.easacommunity.org

**Families for Depression Awareness** is a national nonprofit organization helping families recognize and cope with depression and bipolar disorder to get people well and prevent suicides.
http://familyaware.org

**Federation of Families for Children’s Mental Health** is a national family-run organization linking more than 120 chapters and state organizations focused on the issues of children and youth with emotional, behavioral or mental health needs and their families.
www.ffcmh.org

**First Focus** is a bipartisan advocacy organization dedicated to making children and families the priority in federal policy and budget decisions. First Focus leads a comprehensive advocacy strategy, with its hands-on experience with federal policymaking and a commitment to seeking policy solutions
https://firstfocus.org

**JED Foundation**’s mission is to promote emotional health and prevent suicide among college and university students. The organization collaborates with the public and leaders in higher education, mental health and research to produce and advance initiatives that promote awareness and understanding, increase knowledge, foster help-
seeking, build and strengthen resilience, facilitate adoption of a comprehensive, community-based approach to promote emotional health, protect at-risk students on campus and raise the importance of mental health issues.

www.jedfoundation.org

**Lives in the Balance** is the non-profit organization founded by child psychologist Dr. Ross Greene, originator of the Collaborative & Proactive Solutions (CPS) approach and author of the influential books *The Explosive Child* and *Lost at School*. The site includes a sections for parents/families and educators/schools with multiple resources for each group.

www.livesinthebalance.org

**Mental Health America (MHA)** is an advocacy, education and support organization working to address the needs of people with mental health related needs and mental illness.

www.nmha.org

**MentalHealth.org: Let’s talk about it** is dedicated to providing basic information about mental health, myths and facts, signs and symptoms and how to get help.

www.mentalhealth.org

**National Alliance on Mental Illness (NAMI)** is the nation’s largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. What started as a small group of families gathered around a kitchen table in 1979 has blossomed into the nation’s leading voice on mental health. Today, we are an association of hundreds of local affiliates, state organizations and volunteers who work in your community to raise awareness and provide support and education that was not previously available to those in need.

EDUCATION

Federal resources

**IDEA: building the legacy.** Individuals with Disabilities Education Act (IDEA) is a law ensuring services to children with disabilities throughout the nation. IDEA governs how states and public agencies provide early intervention, special education and related services to more than 6.5 million eligible infants, toddlers, children and youth with disabilities. Infants and toddlers with disabilities (birth-2) and their families receive early intervention services under IDEA Part C. Children and youth (ages 3-21) receive special education and related services under IDEA Part B.
http://idea.ed.gov

**Office of Special Education and Rehabilitative Services (OSERS)** is committed to improving results and outcomes for people with disabilities of all ages. OSERS supports programs that serve millions of children, youth and adults with disabilities.
http://www2.ed.gov/about/offices/list/osers/index.html

**Section 504: Protecting students with disabilities** is an anti-discrimination, civil rights statute that requires the needs of students with disabilities to be met as adequately as the needs of the non-disabled are met. Information available includes interrelationships between IDEA and Section 504, protected students, evaluations, placements, procedural safeguards and terminology.
http://www2.ed.gov/about/offices/list/ocr/504faq.html

Mental health and advocacy organizations

**Center for Parent Information and Resources (CPIR)** serves as a central resource of information and products to the community of Parent Training Information (PTI) Centers and the Community Parent Resource Centers (CPRCs), so that they can focus their efforts on serving families of children with disabilities.
www.parentcenterhub.org

**School Mental Health Project (SMHP)** pursues theory, research, practice and training related to addressing mental health and psychosocial concerns through school-based interventions. SMHP works closely with school districts, local and state agencies, special initiatives, and organizations and colleagues across the country. In 1995 the project established its national Center for Mental Health in Schools. In 2015, the Center established the National Initiative for Transforming Student and Learning Supports. Information available includes: resources, toolkits, research articles and much more.
http://smhp.psych.ucla.edu
Wrightslaw: Special Education Law website is designed for families, advocates, educators and attorneys looking for accurate, up-to-date information about special education law and advocacy for children with disabilities, including those with mental health conditions. Emphasis on IDEA, Free and Appropriate Public Education (FAPE) and Individualized Education Programs (IEPs).
